- Live, toll-free technical support 24/7/365⁵

The B400 Series of Digital Monochrome printers from OKI Printing Solutions will give you more choices, so you never have to settle for ordinary performance again.

If you're looking to improve the productivity and lower the operating costs of your business, the B400 Series offers all of that and more.

For starters, the four models in the B400 Series deliver up to 30 ppm, with the first page printing in as little as 5.5 seconds.¹ They produce output in black & white that's clear and crisp, at up to 1200 x 1200 dpi resolution², using a two-piece consumables system for long-lasting performance and a low cost of operation.

All B400 Series printers come with duplex (2-sided) printing standard, leading to fewer user interventions and savings on media costs. Both B410 models and the B430dn have a standard paper capacity of 250 sheets and can be outfitted with an optional 530-sheet 2nd paper tray. The B420dn has a 530-sheet standard capacity which can also be expanded with a 530-sheet 2nd tray.

In terms of durability and reliability, B400 Series printers are tough—with a monthly duty cycle as high as 70,000 pages.³

Fit for any work environment – B400 Series printers, with their compact size, fit just about any work space.

All have PCL® 5e emulation, and the B430dn has PostScript® 3™ emulation standard. They perform equally well with the most popular Windows® operating systems and Mac® OS 10.3 and higher.

With USB and parallel interfaces, all B400 Series printers offer broad-based connectivity. Equipped with an OkiLAN® print server, the B410dn, B420dn and B430dn models make network printing more affordable—which translates into a much lower cost per user, a vital consideration as your office network grows and expands in functionality.

Backed by unmatched support. OKI Printing Solutions is so confident in the reliability and performance of the B400 Series that we provide an industry-leading 5-year printhead warranty and a 1-year printer warranty with Overnight Exchange.⁵

If you need technical assistance—24/7/365—you can speak to a live expert located in North America by calling **800.OKI.DATA** (800.654.3282).⁵
