WorkCentre® C2424

print | copy | scan

Three in one, one of a kind

Print. Copy. Scan. Smile.

PRINT COPY SCAN

Busy, busy, busy?
We thought so, so we offer extra trays for added capacity.

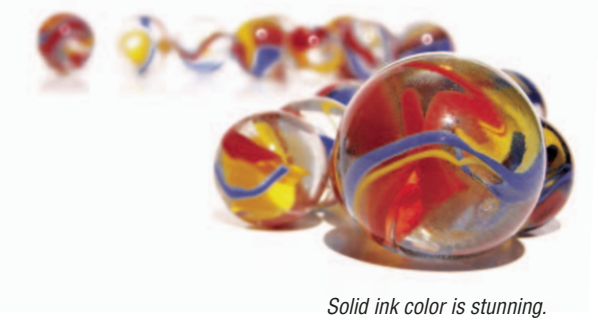
Print to impress.
WorkCentre C2424 delivers amazing quality on virtually any media.

No time? No worries.
Loading solid ink is as easy as can be.

Introducing the Xerox WorkCentre C2424 color multifunction system. A one-of-a-kind business solution offering printing, copying and scanning – plus, superb solid ink color output – all in one affordable device. No other multifunction delivers such a value-packed combination of performance, versatility and ease of use.

So, look no further busy workgroups – this top performer is ready for business.

The next big thing



Solid ink color is stunning. Images jump off the page!

Unbelievable functionality at a great price

High performance tools. Fast output. Vivid solid ink color. All in an incredibly affordable package.

- Built fast to increase your productivity. Full-page color at up to 24 ppm and as fast as 6 seconds until the first print out.
- Three-in-one value. Advanced printing, copying and scanning seamlessly integrated into one device.
- Advanced efficiency features. Multi-tasking enables you to take on two jobs at once – so if you're printing, you can still scan. Plus the Intelligent Ready feature learns your printing habits and warms up the system when you're most likely to use it.

2-SIDED PRINTING

COLLATION/ BOOKLET

SAFE/SECURE/ PROOF/PRINT

FONT STORAGE

- You don't pay extra for time-saving features such as automatic two-sided printing, collation, booklet making, save/secure/proof print and extended font storage. These features come standard.

Who wants to wait in line? This smart device can process new jobs while printing others.

The compact desktop model fits in any office.

in color multifunctions.

Built for versatility

The WorkCentre C2424 multifunction system gives you more options for all your business tasks.

- From cover weight stock to recycled paper, custom sizes to legal, you can reliably feed the widest range of media.
- Provides fast, versatile prints for everyday jobs. And for knockout resolution when you really want to impress, there's 2400 FinePoint™ print mode. Your copy and print output will never look so good.

- 85,000 page duty cycle. Built with muscle to deliver the reliability and production capacity you need in a busy workgroup.

Go ahead, get creative. Print on business card stock, invitations, transparencies, labels and more. You can expect the same brilliant output no matter what the media.

Scanning transforms the way you work

Use the power of scanning and your WorkCentre C2424 multifunction to efficiently organize, edit and distribute information. It's as simple as making a copy.

- Scan documents straight to your PC. Edit them now or store them for access later.
- Scan documents to a public folder. This gets them off your desktop and makes them accessible to anyone.
- Scan documents to password protected mailboxes. This allows central storage but restricted access.

extra value

Scanning tools

On top of our standard scanning functionality, we include a valuable scanning software bundle with the DX configuration.

- **ScanSoft® OmniPage® Pro 12.0 Office** – quickly converts paper documents into editable and searchable digital documents with accurate page layout and format.
- **ScanSoft® PaperPort® Pro 9.0 Office** – utilizes a thumbnail-based Visual Desktop that allows you to instantly view and organize scanned paper, PDFs, TIFFS, MS Office documents and more.
- **Image Retriever** – automatically delivers scanned images back to your desktop, or a network folder.

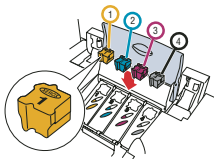
Enjoy photo-quality resolution so vivid and sharp, you won't believe your eyes.

Solid ink is incredibly environmentally friendly. It generates only 1/40th of the waste of a typical color laser printer.

Elegantly simple design

Users and system administrators have it made. This multifunction is the world's easiest to install, manage and use – there's almost nothing to it.

- Installation and network configuration, including network scanning, is easy – just four clicks and you're done.
- Compact, no mess, solid ink sticks can be dropped into their slots anytime. You can top off the ink levels and never have to worry about running out in the middle of a job.
- Network management made simple. CentreWare® IS embedded Web Server lets you manage, configure and monitor networked devices from anywhere.
- Built smart. Automatic job monitoring helps you track your print job's progress, and an Internet support system enables you to get help quickly should you ever need it.



Easy to load as a stapler – just open and drop!

Keep it simple. Solid ink has one-third of the parts of lasers. That makes it more reliable and easy to use.
