

Compact High Quality Network Ready Mono Laser Printer with Automatic 2-sided Printing

The HL2250DN is the ideal mono laser printer for your home or small office and can be shared among several users on your existing network. You'll like the way it saves you time and money with fast, high-quality printing and low running costs.

- Fast printing at up to 26 pages per minute (ppm).
- Save paper with automatic 2-sided (duplex) printing.
- Share the HL2250DN within your existing network to increase efficiency in the office.
- Excellent document quality thanks to high-resolution printing.
- High-yield toner available to save you money.
- Low maintenance: large paper tray and manual feed slot to easily print on envelopes.

HL2250DN Compact High Quality Network Ready Mono Laser Printer with Automatic 2-sided Printing

Great performance

With a fast print speed of 26 pages per minute, the HL2250DN will enable you to produce professional documents in no time. You'll get sharp, crisp text and accurate reproduction of even the finest details on the page thanks to its high print resolution.

Excellent value for money

Use less paper in your office by printing it on both sides. With the HL2250DN you get a choice of standard and high toner yield to perfectly match how much you print and save money. All Brother supplies, including the drum, can be replaced individually, lowering your cost as you only pay for what you've used.

User-friendly efficiency

You can easily connect the HL2250DN to your existing network to share it among several users: an ideal solution where space is at a premium. This mono laser printer is low maintenance with the generous 250-sheet paper tray. The manual feed slot enables you to print on envelopes, special paper and labels – hassle-free.

Environmentally-friendly

The HL2250DN's ENERGY STAR certified energy efficiency means a reduced energy bill for you. Moreover, you can return your empty toner cartridges to Brother for recycling free of charge. The HL2250DN carries Germany's prestigious Blue Angel accreditation thanks to its exceedingly low impact on the environment.

HL2250DN Technical Specifications
