HL-5040

HL-5040

Performance – it's what the HL-5040 is all about.

In today's fast-paced business environments, the requirement to print high speed, high quality documents has never been more important. The HL-5040 comfortably meets this challenge with a print speed of up to 16 pages per minute, up to 600 x 600 dpi resolution and a High Speed USB 2.0 port that comes as standard, ensuring your print out is in your hand when you need it.

Efficiency gains for your office are also available thanks to the up to 250* sheet paper tray that comes as standard – meaning less trips to the printer.

The HL-5040 further meets the demands of modern business with its 8MB of standard memory, expandable up to 136MB. And combine this with high levels of compatibility with Windows® and Mac® computing environments and easy-to-use features, it's easy to see why the HL-5040 consistently outperforms its competitors.
