## Black & White Laser Multifunction Copiers

Our Canon imageCLASS D1100 Series Laser Multifunction Copiers deliver large-office capabilities in a compact, easy-to-use package. Featuring the fastest output speeds within our Canon imageCLASS line to date, each model prints and copies at up to 30 pages per minute. Large paper supplies of up to 1,050 sheets minimize interruptions by offering the flexibility of working with a variety of paper sizes and types.

Each model offers convenient multifunction features that will consolidate all of your office machines into one durable, fast and energy efficient networkable copier.

Technology, performance, quality, and reliability...  
everything you expect from Canon imageCLASS.

## New and Powerful Features

### Keeping up the Pace

As life becomes more hectic, you need a machine that can keep up. With a warm-up time of approximately 16 seconds from power on and a first copy time of approximately 8 seconds, waiting around for prints is a thing of the past. When copying or printing larger jobs, your documents will print at up to 30\* pages per minute!

### User-Friendly & Compact

Designed for ease of use in your home or small office environment, the D1100 Series provides access to the control panel, supplies, and paper sources right from the front of the unit. No need to reach around to locate your prints or change the consumable.

### Limit Your Interruptions

Frequent changing of paper and cartridges can give you less time to concentrate on what's really important. The large paper supply (including the optional additional 500-sheet paper cassette) accommodates a variety of sizes and types of paper up to 1,050 sheets. The D1100 Series uses the Canon Single Cartridge System, which means you need to replace only one consumable. It provides high quality black and white output that yields approximately 5,000 pages based on ISO/IEC standards.

### Environmentally Conscious

Reduce your power consumption with Canon's efficient Energy Saving Mode. The D1100 Series uses approximately 3 watts of energy during Energy Saving Mode and meets Energy Star Guidelines, helping you save money on energy costs.

### Enhanced Features

A new feature of the D1100 Series is I.D. Card Copy. Easily create copies of your identification cards or other small documents like passports to keep for your records on a one-sided document. This feature instructs you as to how to place your card, and then aligns and prints automatically onto one page.

#### I.D. Card Copy

### A Document Exchange Solution

Increase your productivity by sharing printing and faxing\*\* (sending only) over a network. Additionally, on D1170 and D1180, you can send your scanned documents to a recipient through E-mail or File Server via our Send-Lite function.

#### Send-Lite

The D1100 Series features Canon's UFR II LT printer language, and the D1180 adds PCL printer language.

### Generation Green

The D1100 Series is part of the Generation Green Program which highlights the company's commitment to sustainability. Learn more at [www.usa.canon.com/green](http://www.usa.canon.com/green).
