Do More

DCP-J715W Wireless Colour Inkjet Multifunction Printer with 8.2 cm Colour LCD and Automatic Document Feeder.

The feature packed DCP-J715W incorporates wired and wireless network connectivity, advanced scanning features and a Colour LCD display into one compact, easy to use machine - allowing you to Do More.

Print professional quality documents in house with 1.5 picolitre droplet size and up to 6,000 dpi resolution. The DCP-J715W offers fast print speeds of up to 35 mono and 28 colour pages per minute.

Share the DCP-J715W with multiple users across your existing wired or wireless network, the easy set up process ensures that connection to your network is fast and simple.

The DCP-J715W offers a range of easy to use features, including an 8.2cm colour LCD display, to access scan, copy and print settings from your machine, and a 15 sheet Automatic Document Feeder (ADF) for simple scanning of multi-paged documents.

Connect your camera via the PictBridge enabled USB port to preview, edit and print high quality borderless photos directly from the DCP-J715W, and save time by printing directly from the separate photo paper tray.

The DCP-J715W complies with ENERGY STAR and German Blue Angel environmental standards, ensuring low energy consumption, low noise levels and a recycle-friendly design
Brother Inkjet multifunctional machines use an individual ink cartridge system, so you only have to replace the colour that runs out – to reduce waste and save you money. By returning your empty ink cartridges to Brother for recycling you can also help protect the Amazon rain forest as part of our partnership with Cool Earth. For more information go to www.coolearth.org/brother

To achieve the highest print quality and over 100 years fade resistance* we recommend using original Brother LC1100 ink cartridges together with Brother BP71 Premium Plus photo paper.

LC1100 Black Ink meets the rigorous ISO 11798 standard making your prints legally 'document proof', assuring you they'll be readable even after exposure to light, water, handling and storage when using settings for thicker media.
