

imageCLASS® MF5530

Laser Multifunction Copier | Printer | Scanner

Versatility with Laser Quality and Speed

- Fast 19 cpm/ppm laser output
- 1200 dpi CCD color scanning
- USB 2.0 Hi-Speed for improved performance
- 50-sheet Automatic Document Feeder
- 250-sheet front-loading paper cassette
- Single Cartridge System

If you're looking to move up from a single function copier or printer to a multifunction business machine that can provide you with quality laser output, in a modern desktop design - then the imageCLASS® MF5530 will fit the bill. With all the features you need - copying, printing and scanning, the imageCLASS MF5530 has the functions you need to keep pace in any busy office.

Multifunction performance and a 50-sheet Automatic Document Feeder, all add up to the perfect solution to upgrade from slower individual function machines. Copy letter-size documents at a speed of 19 copies-per-minute and enjoy the same speed for your laser printing.

A color scanner with CCD technology ensures that scanned images are more true to the original. You also have the ability to edit scanned text documents with the included OCR software.

With one machine, you need only stock one consumable item, adding to the convenience. The Canon Single Cartridge System means you have one easy-to-replace cartridge without service calls or the inconvenient two-cartridge system.
