- 2-Sided Copying, Printing, Scanning, and Faxing (MF6590) - up to legal-size
- Large 500-sheet cassette, 100-sheet multipurpose tray, and 50-sheet Duplex Automatic Document Feeder (DADF)¹

24
cpm / ppm

Fast Copy & Print Speeds

Whether it's a single page copy or multi-page copy, your customers want them fast! They'll appreciate a quick Warm-up Time of less than 13.5 seconds (1 seconds from Energy Saver Mode.) The First Copy will emerge in less than 8 seconds, which makes a real difference when copying from multi-page originals. The MF6540 & MF6590 copy & print at speeds up to 24 cpm / ppm.

Standard All-Mode Duplex

Handling 2-sided documents, all the way up to legal-size, is simple with standard All-Mode Duplex. The MF6540 can automatically copy, print, and scan 2-sided documents. The MF6590 also can fax 2-sided documents.

Paper Capacity for Large Jobs

Large copy jobs are no problem with the convenient 500-sheet cassette, flexible 100-sheet multipurpose tray, and 50-sheet Duplex Automatic Document Feeder (DADF).

Ethernet Networking

Shared Functionalities

Help streamline your customer's workgroup with the built-in Ethernet. Your customers can print over the network. The MF6590 adds network PC Fax.

Single Cartridge System

Your customers will enjoy consistent output quality with every toner change. The Single Cartridge System combines the toner, drum, and imaging units all into one easy-to-replace cartridge.

Fax or No Fax?

If your customer needs fax functionality, recommend the MF6590. The MF6590 includes a fast Super G3 fax, with over 100 speed dial locations (23 one-touch/100 coded) and generous 1,000-page fax memory.² For your customers who don't need fax, recommend the MF6540.

Know Your Customer

If your customer wants:

- to upgrade up from an older analog or digital copier
 - a laser multifunction with duplex functionality
 - a laser multifunction that can handle up to legal-size documents
 - a laser multifunction that can be shared with others
- ... then the imageCLASS MF6540 and MF6590 (w/fax) are the right solution!

Multifunction Laser Duplex Copiers

Add-On Sales

Toner

- Canon Cartridge 106 (5,000 page yield @ 5% coverage)

Want to know another way to save your customers' time? Make sure to offer them extra toner and paper at time of purchase so they'll have extra on hand during busy jobs.

Remind your customers to recycle their used toner cartridges with Canon's Toner Recycling Program. Canon cartridges are 100% recovered with zero landfill waste.

Close the Sale

The Canon imageCLASS MF6540 and MF6590 are ideal for your small and home office customers looking to upgrade up from older analog or digital copiers. They will benefit from Canon's strong heritage in digital imaging, which made Canon, once again, the #1 brand leader in the overall U.S. copier market in 2007.³ Your customers won't have to wait long for copies and prints with short First Copy Time, fast output speeds, and quick Warm-up Time. Standard All-Mode Duplex makes it easy to copy, print, scan 2-sided documents. The MF6590 can also fax 2-sided documents. They will be ready to take on large copy jobs with the spacious paper cassette, multipurpose tray, and Duplex Automatic Document Feeder. Those who work with larger size documents, such as legal contracts, will appreciate the legal-size platen. The MF6590 comes with a fast Super G3 fax that includes generous fax memory and convenient speed dials. For your small and home office customers looking for a robust and versatile copier, be sure to recommend the imageCLASS MF6540 and MF6590.
