PROGRAMME

- Transform paper into searchable PDF file
- Scan document batches duplex at 36 ipm
- Process business cards up to A3 size documents
- "Quick Menu" application selection
- Bundled with Adobe Acrobat 8.0 Professional

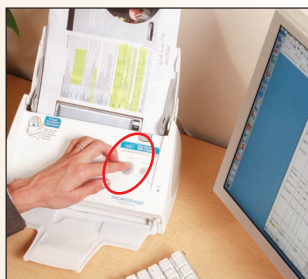

FUJITSU

THE POSSIBILITIES ARE INFINITE

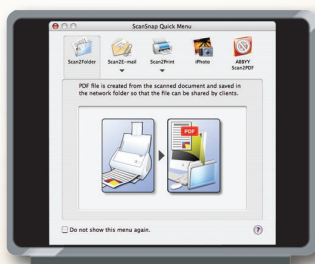

From document to digitised data to efficient and easy processing

NEW

Benefits include:

- Easy to use "Quick Menu" function.
- S510M users can easily attach scanned images to e-mail messages and use this scanner in place of a photocopier to duplicate paper documents.
- Creates searchable PDF files that support Mac OS "Spotlight" and Adobe Acrobat searches.

Use the organiser function with your preferred document settings

"One touch" PDF generation

- Creates PDF files with "one-touch" ease.
- Automatically converts scanned paper documents into digital PDF files.
- Acrobat Professional 8.0 in one package enables the simplifying and speeding up of a vast number of typical office tasks. The possibilities of utilising this office solution are invaluable, as even collaboration within teams on originally paper based information becomes available electronically.

ADOBE ACROBAT 8 PROFESSIONAL

Simple and Compact!

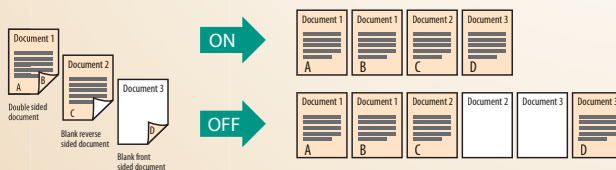

Digitises large volumes of office documents

The S510M enables users to easily reduce paper storage space, locate important documents and create data that can be used for multiple applications by storing scanned data in a computer.

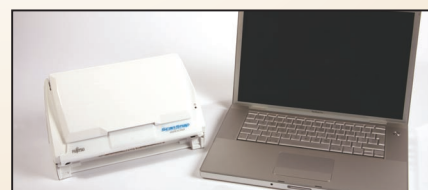

Shows images as they are meant to be seen. The S510M automatically eliminates blank pages while deskewing and showing images in their proper orientation.

Blank page detection
