

A group of four business professionals (three men and one woman) are gathered around a table in a modern office environment, engaged in a discussion. A large Ricoh multifunction printer is visible in the foreground on the right. The printer is a large, light-colored machine with multiple paper trays and a control panel. The background shows a blurred office interior with large windows and modern architecture.

AR C 360P

A white Xerox AR C 360P printer is shown from a low angle, partially obscured by a large red circle. The printer has a control panel on the right side and a paper output tray on the left. The background is a solid blue color.

HIGH-QUALITY COLOR WITH FIERY® RIP

exceptional color when accuracy counts

The ARC360P Digital Color IMAGER from Sharp produces breathtaking, accurate color quickly, reliably and affordably. Whether used for color proofs, color presentations, logo sheets or advertising layouts, the Sharp ARC360P is an ideal solution. The graphic arts package with an embedded EFI® Fiery® RIP is perfect for graphic arts needs, while the 36 ppm color output and 40 ppm black & white output answers the call of busy workgroups. The ARC360P IMAGER also offers versatile paper handling, optional finishing features, 12" x 18" paper size capability, and integrated, easy-to-use software in one modular design. The Sharp ARC360P Digital Color IMAGER: enhancing your business image and increasing your productivity.

FEATURES AT A GLANCE

high-quality output out of the box

- Embedded Fiery® RIP and full suite of EFI color-matching and job management utilities standard
- Multi-level printing technology for finer detail and rich color depth; up to 1200 x 1200 dpi resolution
- Color-accurate output at up to 36 ppm, monochrome (black & white) at up to 40 ppm
- Tabloid-extra/A3 (12" x 18"); prints banner sheets up to 12.9" wide by 47.24" long

exceptional performance is built in

- Single-Pass Color™ technology for printing on media up to 100 lb. cover stock
- Powerful 1 GHz TM5800-1000 processor
- Generous 1 GB of standard RAM
- 20 GB Hard Disk Drive standard
- Direct PDF Printing – print .pdf files without Adobe® Acrobat® or Acrobat Reader

cost efficiency and high productivity

- High-capacity, 2-piece consumables (toner and drum) for low Total Cost of Ownership
- Holds up to 2,350 sheets
- Duplex (2-sided) printing standard
- Job accounting software and Web-based printer management utility standard
- Available with optional saddle stitch finisher

The easy-to-read, easily accessible operator panel of the ARC360P: it tilts up for user convenience, and features a bright text-and-graphics LCD display.

Optional Saddle Stitch Finisher available with 2- or 3-hole punch

high-volume color printing with EFI® technology – for color-centric applications

Commercial printshop performance with consistency and accuracy.

The ARC360P controller is powered by EFI® Fiery® technology—including an embedded Fiery RIP—for spectacular shortrun color documents. It provides print control and job management functionality to optimize document workflow, ensuring dependable and exceptional results.

Among the standard utilities are EFI SpotOn™ for accurate and consistent color matching, and EFI HotFolders™ to eliminate repetitive tasks like configuring settings for multiple jobs.

With EFI Fiery technology you can manage or preview print jobs in the queue, balance the workflow of networked devices, manage color profiles, and save templates on the printers' hard disk drive for faster and more efficient processing and printing of jobs.

Multi-level printing enables the ARC360P to deliver fine details and stunning color depth, while a unique toner formulation brings greater color fidelity to your printed documents.

Media flexibility and cost-efficiency, too.

The ARC360P is the ideal solution for producing a wide range of documents on a variety of paper weights and sizes.

The straightthrough paper path allows for faster color and mono print speeds, and smooth handling of even outsized sheets.

Productivity features like Auto Media Detect automatically adjust the printer to your required media type. Auto Color Balance ensures that output will remain consistent from start to finish.

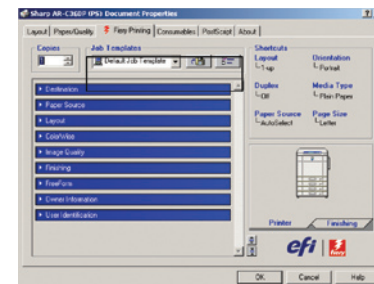

The ARC360P color printer is equipped with job accounting software that allows tracking of color and mono pages, the types and quantities of paper used, and a record of printing activity by user or department.

Further, the cost of a black & white page is as low as many mono laser printers, so you can use the ARC360P color printer for all of your business printing.

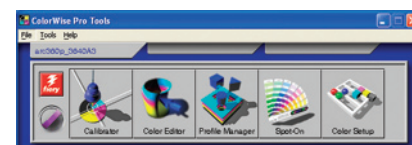

Stay up to date with My Sharp

My Sharp is a training and support website where you can access "how-to" demonstrations for learning basic and advanced procedures of Sharp products and applications. Demos are animated step-by-step tutorials, also available as PDF documents for download, that provide customers quick, on-demand training whenever they need it. (Available January 2006)

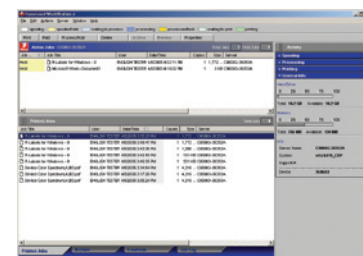

The AR-C360P. High-quality, consistent color from Sharp—the ideal business printer for your demanding, color-centric workgroup environment.

EFI Fiery Driver Intuitive and easy to use—access information on your ARC360P printer.

ColorWise Pro Tools Tool Bar Excellent graphical representation of available EFI software utilities, enables quick control of printer functionality.

EFI Command WorkStation™ 4 Automatically identifies and displays information about Fiery printers on the network; enables operators and administrators to track and manage jobs, and oversee job flow through the Fiery.

AR-C360P At-a-Glance

AR C360P specifications

Print Speed:	Up to 36 ppm Color, 40 ppm Mono ¹
Time to First Page:	As fast as 10.5 sec. Color; 9 sec. Mono ¹
Warm-Up Time:	110 sec. or less from Power On
Resolution:	Up to 1200 x 1200 dpi resolution
Processor:	1 GHz TM5800-1000
Duty Cycle:	150,000 pages/month
EFI Utilities:	ColorWise™ Pro Tools; Command WorkStation™ 4; DocBuilder™; Freeform™; Downloader™
Job Accounting:	Track precise count of color and mono pages printed by individual or department
Print Manager:	Web-based software printer management tool
Storage Device Manager:	Stores and manages forms, letterheads, logos and fonts
Auto Media Detect:	Automatic paper weight detection
Auto Paper Tray Select:	Automatically detects paper size
Color Management:	EFI ColorWise Pro Tools; EFI SpotOn™; EFI HotFolders™; download to printer and manage new ICC Input/Output profiles
Ink Simulations:	SWOP®, Euroscale and others
Color Matching Modes:	sRGB, Monitor Simulations
Spot Color Matching:	PANTONE® Color Matching System
Emulations:	PCL® 5c, PCL 6, Adobe PostScript 3™; Direct PDF Printing (Windows® only)
Operating Systems:	Windows XP Professional, XP Home, 2003 server; Windows 98, 98 SE, ME, NT® 4.0 Workstation, NT 4.0 Server (SP6 or later), 2000 Workstation (SP3 or later), 2000 Professional (SP3 or later), 2000 Server (SP3 or later), 2000 Advanced Server (SP3 or later); Citrix® MetaFrame® – Windows 2000 Server (ServicePack4) with Citrix MetaFrame XP® Presentation Server Feature Release 3, Windows Server 2003 Standard Edition with Citrix Meta-Frame XP Presentation Server Feature Release 3; Mac® OS 9.2, Mac OS 10.2.4 thru 10.3.8
Network & Protocols:	10/100 Base TX Ethernet card with internal Web server for printer and network card set-up and management; includes POP3 and SMTP Mail client for submission of print jobs and for alerts. All major network protocols supported – TCP/IP, Netware and Ethertalk. TCP/IP includes ARP, IP, ICMP, TCP, UDP, LPR, FTP, HTTP(IPP), BOOTP, DHCP, SNMP, DNS, JetDirect protocols; Netware includes 3.x, 4.x, 5.x and 6 with full NDS and NDPS support – PServer, NDPS supported via dedicated NDPS Gateway. EtherTalk: ELAP, AARP, DDP, AEP, NBP, ZIP, RTMP, ATP, PAP.
Standard/Max RAM:	1,024 MB (1 GB)
Flash Memory:	4 MB standard
Hard Disk Drive:	20 GB standard
Standard Connectivity:	10/100-TX Ethernet, High-speed USB v2.0, Parallel

Standard/Max Input:	2,350 sheets (530-sheet universal tray + 1,590-sheet High-Capacity Feeder + 230-sheet multi-purpose tray)
Paper Sizes Supported:	Tabloid extra (12" x 18"), tabloid, legal, letter, executive, index cards, A3, A4, A5, A6, B5, C5, DL, Com 10, Monarch envelopes, and banners (up to 12.9" by 47.24")
Paper Weight:	Trays 1 thru 4 support 17 lb.–57.5 lb. bond (64-216 gsm); Multi-purpose tray supports 17 lb.–72 lb. bond (64-270 gsm); duplex supports 20 lb.–32 lb. bond (75-120 gsm)
Duplex (2-sided printing):	Standard
Printer Fonts:	86 scalable PCL fonts, 1 bitmap font, 10 TrueType® fonts, 136 Adobe PostScript Type 1 fonts, OCR A/B, USPS Barcode
Size (WxDxH):	25.8" x 24.4" x 18.2" (65.5 cm x 62.0 cm x 46.2 cm); with Saddle Stitch Finisher option, width is 65.3" (165.9 cm) including 12" for service access
Weight:	152 lb. (69.0 kg)
Power Consumption:	Typical 750W, Peak 1500W, Idle 200W (avg.), Power Save <45W, AC 120V, 60 Hz, 15 AMP
Acoustic Noise:	Operating: 54dB(A) or less, Standby: 40dB(A) or less, Power save: 40dB(A) after 30 minutes (background level)
Energy Star:	Yes
Dealer Warranty:	Printer – 1-Year On-site dealer limited warranty; Digital LED Printhead – 5-Year dealer limited warranty. See your Sharp Dealer for details.
Optional Equipment:	ARC36TF Saddle Stitch Finisher ARC36HP 2-/3-Hole Punch for Finisher
Sharp Genuine Supplies High-Capacity Toner Cartridges:	ARC36TCU Cyan Toner Cartridge ARC36TMU Magenta Toner Cartridge ARC36TYU Yellow Toner Cartridge ARC36TBU Black Toner Cartridge
Image Drums:	ARC36CDR Cyan Image Drum ARC36MDR Magenta Image Drum ARC36YDR Yellow Image Drum ARC36BDR Black Image Drum
Consumables:	ARC36FU1 Fuser Kit (120V) ARC36TB1 Transfer Belt ARC36WTB Waste Toner Box AR-SC2 Finisher Staples (15K count)

Important Consumables Information: This product has been designed and engineered to operate only with genuine Sharp consumables. Use of non-genuine consumables will result in the loss of certain printer enhancements, such as Auto Color Balance and the Toner Sensor gauge.
