document **communication** system

SUPER
GB

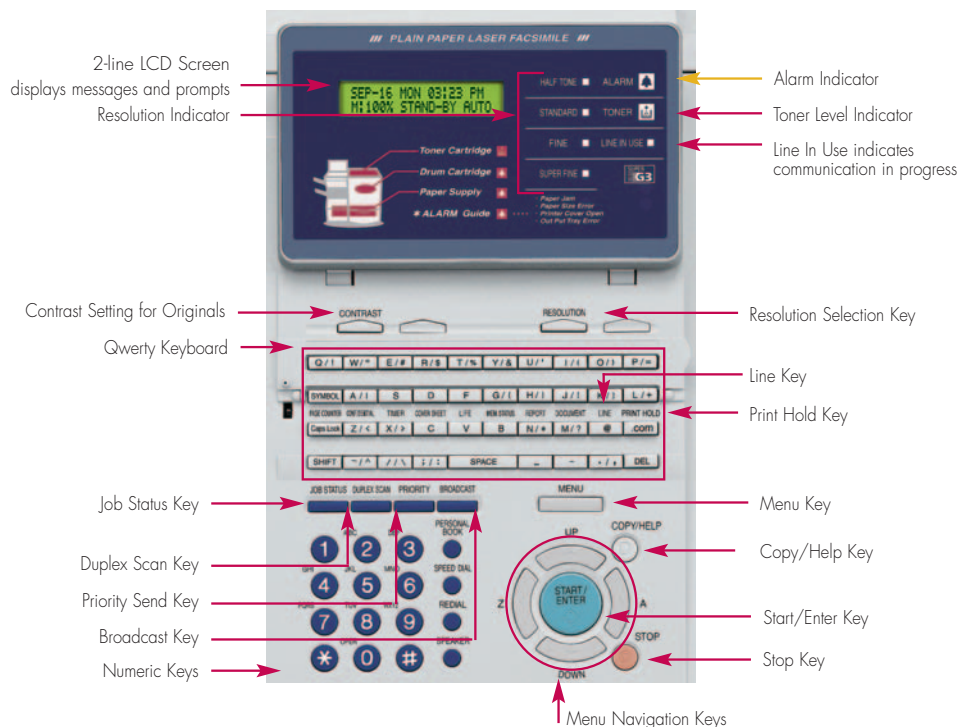

High-performance features for maximum productivity

Designed to streamline your workflow, the new Sharp FO-4470 Super G3 Workgroup Facsimile delivers all the features your busy workgroup demands...and so much more. With a powerful **16-ppm print engine** and **Super G3 modem technology**, the FO-4470 scans at a speedy 1.3-seconds—so there's no wasted time. For added efficiency, the FO-4470 comes standard with advanced features including **document memory backup**, **broadcasting to 154 locations**, **personal auto-dial phone books**, and **Remote Diagnostics**. With all these powerful features, proven performance, and Sharp's world-famous reliability, the FO-4470 Super G3 Workgroup Facsimile delivers the functionality your business needs today, as well as the versatility to expand as your business evolves.

- Dual Access
- Document Memory Backup
- 59 One-Touch Rapid Dials
- 75 Coded Speed Dials
- 10 Personal Auto-Dial Phone Books with a Storage Capacity of up to 75 Numbers in Each
- Serial Broadcasting to 154 Locations
- Scan/Print Counter List
- Menu Lock with Administrator Password Feature
- Fax Separator Page

*Based on ITU-T Test Chart #1 in standard resolution. Actual transmission time will vary based on line conditions.

accelerate the pace of your business with high-speed, high-efficiency faxing

Flexible paper supply

With a standard 250-sheet paper supply, the FO-4470 facsimile can easily accommodate the needs of any busy office or workgroup. For **high-volume workgroups**, you can add the optional 500-sheet paper drawer to expand the paper supply to 750 sheets. And for added flexibility, you can adjust from letter to legal size paper in either tray—so receiving oversized documents is never a problem.

Advanced document security

For confidential environments, the **Secure Fax Release** feature requires users to enter a PIN code in order to retrieve faxes. This ensures privacy and helps businesses remain HIPPA-compliant. And with the **Menu Lock with Administrator Password feature**, only authorized users can adjust the menu settings.

Face-down document handling

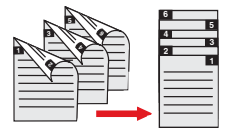

To eliminate reshuffling your faxes when you retrieve them from the exit tray, the FO-4470 utilizes **Face Down Printing**. This ensures that your documents print in the proper order, and saves time.

Reliable document storage

In the event of a power failure, the FO-4470 will safely store your documents, so important transmissions won't get lost. The FO-4470 comes standard with **8 MB of flash memory**, enough to store approximately 500 pages.*

Semi-automatic duplex scanning

With **duplex scanning**, you can send two-sided documents quickly and efficiently without the hassle of copying the pages. The FO-4470 automatically scans both sides of the document, then transmits the pages in the proper order.

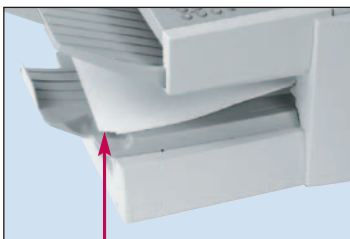

Adjustable status display

The FO-4470 facsimile features a 7" x 3.2" **ergonomic display screen**, so it's easy to read from a distance. Plus, the screen is adjustable, enabling you to reposition at any angle up to 65 degrees for optimum clarity. In conformance with Section 508 of the Rehabilitation Act, this flexibility allows the display to be comfortably viewed by users seated in wheelchairs.

Remote diagnostics provides optimum reliability

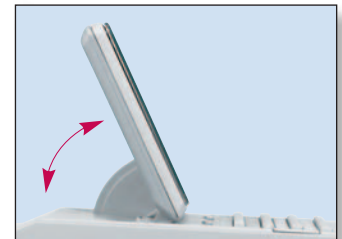

With Sharp's F.A.S.T. (Facsimile Automated Service Technology) **Remote Diagnostics System**, the FO-4470 facsimile can be remotely monitored by an authorized service technician. With the ability to diagnose and resolve potential issues over the phone line, F.A.S.T. ensures maximum uptime—so your workflow keeps moving.

Face-down delivery

Optional 500-sheet adjustable paper tray

Easy-to-read tilted LCD display

FO-4470 specifications

Applicable Telephone Line: Public Switched Telephone Network (PSTN)

Compatibility: ITU-T G3

Configuration: Half-duplex desktop transceiver

Compression Scheme: MH, MR, MMR, JBIG, Sharp special

Memory Size: 8 MB Flash Memory (approximately 500 pages)*
includes Document Memory backup

Modem Rate: 33,600 bps with auto fallback*

Transmission Time: 3 seconds per page*

Scan Speed: 1.3 seconds per page

Print Speed: 16 pages per minute

Resolution in Text Mode: Super Fine: 391 lines/inch
Fine/Half-tone: 196 lines/inch
Standard: 98 lines/inch

Recording System: Laser
