Big printing features for small business budgets

Today's agenda: Do More with Less

Your business must operate more efficiently than ever before just to keep up with your competition. To break out of the pack and take the lead, you need office equipment that enables you to do more with fewer resources. You work hard for every dollar you earn and you expect these resources to do the same for you. The **PagePro™ 1250E** is the printer that can handle the pace you've set for your business.

Business Basics

- Print speeds of up to 17 pages per minute mean the **PagePro 1250E** won't be late to deliver your important documents.
- Connect your computer to either the parallel or USB interface. Whether you choose a PC or Macintosh, you'll start printing sooner on a **PagePro 1250E**!
- Concerned about compatibility? With both PCL® 6 and PostScript® emulations, the **PagePro 1250E** works with just about any application you use.

Productivity Keeps You On Schedule

- Add the optional 500-sheet Lower Feeder and load the **PagePro 1250E** with more than a ream of paper to print more documents with fewer interruptions.
- Load all trays with any size paper and don't worry about printing on the wrong size. Automatic paper size selection means the **PagePro 1250E** lets you know if it can't find the size you've specified.
- Need to print but you've got other tasks to do? The **PagePro 1250E** includes jam recovery so you won't worry about unattended printing.

Quality and Reliability

- High resolution 1200 x 1200 dpi printing on the **PagePro 1250E** produces documents that present your business in the most professional way.
- Durable 15,000 prints per month duty cycle means the **PagePro 1250E** has the muscle to handle your printing requirements.

- Full one-year exchange warranty gives you peace of mind knowing your **PagePro 1250E** is the best investment you can make.
