

KONICA MINOLTA

DO MORE FROM YOUR DESKTOP – AND DO IT BETTER.

High-quality color, printing and copying – with fast output, flexible scanning and built-in fax. The bizhub C10/C10X lets you have it all, in a network laser device that powers up your productivity at a cost you can afford. You'll have all the essential business functions at your fingertips, including fast first-print speed, customizable copy settings, 50-sheet ADF, scan-to-E-mail, even direct photo printing in sizes up to 8-1/2" x 11" with PictBridge connection to compatible cameras. For small businesses, departments, branch locations and home offices, the bizhub C10/C10X is easy to set up, easy to operate – and remarkably easy on your bottom line.

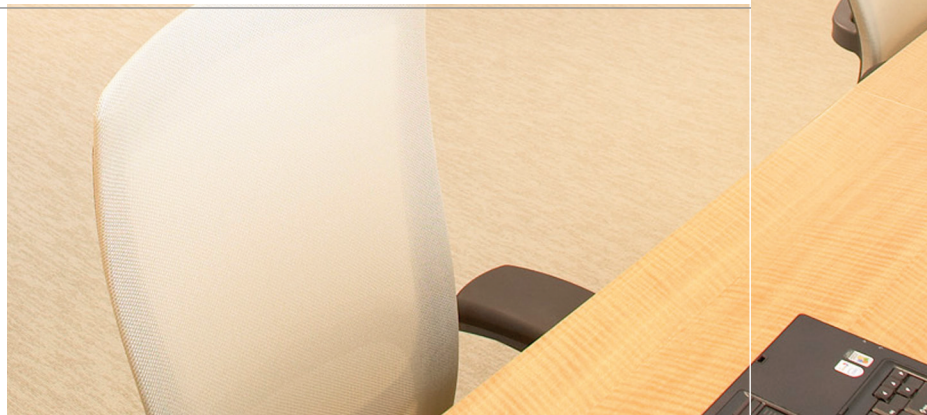

DO BUSINESS BETTER

The essentials of imaging

KONICA MINOLTA bizhub C10/C10X

A desktop laser printer that does so much more. The bizhub C10/C10X handle prints, copies, faxes, even flexible scanning to PC or Email – all your business document traffic in one compact solution, with high quality color and flexible input/output capabilities that make you more productive at less cost.

Versatile copying. Fast first-copy output in just 23 seconds (B&W), 52 seconds (color) keeps work flowing – and you can fine-tune copy quality, reduce or enlarge originals and automatically collate, duplex and produce 2-in-1 copies.

Flexible scanning. Scan a B&W page in 4 seconds, a color page in 10 seconds; scan to Email, attaching documents as either PDF or TIFF files and using speed-dial keys to speed distribution – or scan to PC as JPEG, PDF, TIFF or BMP files, with TWAIN & WIA compatibility.

High-speed built-in fax. Up to 33.6 Kbps transmission speed, three resolution modes, and one-touch dialing (9 numbers) as well as speed-dialing (100 numbers), group dialing, broadcasting and other high-volume fax features.

High paper capacity, optional duplexing. Load up to 200 sheets of letter or legal size paper, expand capacity to 700 sheets with a 500-sheet lower feeder option for letter-size paper, and use duplexing capability (optional on C10, standard on C10X) or 2-in-1 printing to reproduce more documents on less paper.

Quick and easy setup. With preinstalled supplies and auto-install software, you'll be up and running in under 5 minutes – far faster than many competitive network laser printers.

Supplied software. PageScope Web Connection gives you web-based device management with real-time status and configuration capability. Supplied FaxTalk Communicator software lets you view and annotate faxes, view fax logs, and use your PC as speakerphone and answering machine.

Full-service limited warranty. The bizhub C10 is protected by a one-year on-site limited warranty; the bizhub C10X has a three-year on-site limited warranty.

POWERFUL PRINTING. YOU CAN PRINT AND COPY AT UP TO 20 PPM (B&W) AND 5 PPM (COLOR), WITH FIRST-PAGE B&W OUTPUT IN AS LITTLE AS 13 SECONDS (B&W), 22 SECONDS (COLOR) – AND A WORK-HORSE DUTY CYCLE OF UP TO 35,000 PRINTS PER MONTH.

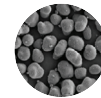

DIRECT CAMERA PHOTO PRINTING. PRINT SUPERIOR PHOTOS FROM ANY PICTBRIDGE-COMPATIBLE CAMERA – INCLUDING 4" X 6" BORDERLESS PRINTS, PLAIN-PAPER 8-1/2" X 11" PRINTS, INDEX PRINTS, MULTI-PRINT ARRAYS, BATCH PRINTS AND MULTIPLE COPIES.
