Ricoh Aficio GX3000/GX3050N/GX5050N

Fast color printing for less.

Color adds impact, attracts attention and emphasizes critical facts. The RICOH® GX3000/GX3050N/GX5050N series gives you the speed and quality of other color printers for a fraction of the cost. Now you don't have to settle for dull, black & white documents. And you don't have to sacrifice your budget either.

BusinessDesktopColorPrinter

Speed up production.

Perfect for small offices or workgroups, the Ricoh GX3000/ GX3050N/GX5050N series' advanced GelSprinter™ technology prints 29 and 30 pages per minute in color or black & white—you'll get more done, faster than ever before.

- Get your documents faster since the system quickly warms up from Energy Saver Mode. Plus, the first print is ready in less than 8.5 seconds.
- The large, 250-sheet capacity paper tray and optional 100-sheet multi-bypass tray (500-sheet paper tray for GX5050N) and long lasting print cartridges let you print more jobs and longer jobs without interruption.
- GelSprinter wide print heads speed up printing while precisely controlling color saturation for high-quality results.
- The standard duplex mode lets you reduce paper consumption and print at 75% the speed of simplex.
- Convenient network flexibility make this series ideal for workgroup settings.
- Quick, reliable paper feeds are obtained with the GelSprinter belt-feeding system.

Create crisp, full-color documents.

GelSprinter viscous inks dry fast so they don't smudge, blur or bleed through—even on plain paper—which is important when you need to print and deliver your documents right away.

- Delivers high quality, bright color and razor-sharp text—all on regular office paper so you can save money on supplies.
- Prints photo-like color images with 3600 x 1200 maximum dpi for professional sales presentations, newsletters, proposals, marketing pieces and more all in house.
- Viscous inks dry completely for less smearing with highlight pens.

Save money upfront and every day after with the affordable business printer.

Combining the economy of inkjets with the speed and quality of laser printers, the Ricoh GX3000/GX3050N/ GX5050N color printers are the budget-friendly series. Built-in cost-saving features such as permanent print heads keep the cost of ownership attractively low for the life of the system.

- Level Color Mode reduces supply usage on color images and photos by almost half without affecting text for eye-catching color documents that cost about the same as black & white.
- Energy Saver Mode keeps operating costs low.
- Electrostatic Belt-Transfer System lets you professionally print two-sided documents as well as saving you paper, filing space and postage when you mail large documents.
- Cost per page is reduced, thanks to the large-capacity print cartridge.
- Booklet printing allows you to print two pages side-by-side on one page.
- Print heads last the life of printer and never need replacement.

A 250-sheet and optional 500-sheet capacity paper feed unit lets you print on a range of paper stocks and sizes—including envelopes, postcards and banner paper—without needing to refill the main tray.

GelSprinter technology delivers photo-like images in beautiful color without blurring or bleeding, eliminating the need for a separate photo printer.
