

WORKSET TECHNOLOGY. THE ABILITY TO PROCESS FASTER. THE TOOLS TO WORK SMARTER.

WorkSet streamlines processing with *Send Once, RIP Once, and Print Many* technology. That means print commands are held in queue at the printer, not in the network. Whether you're printing one or 50 sets, from RAM or hard disk, WorkSet saves time by processing your document once, not over and over.

WorkSet also handles high volumes from busy workgroups.

RIP-While-Printing prints one job while processing the next, for exceptional throughput.

Both office and graphic arts users will appreciate WorkSet's *true* Adobe PostScript 3 on-board. Adobe PostScript sets the standard for document fidelity and quality. This latest version is included at no additional cost.

CUSTOMIZE YOUR PRINTER WITH THESE FLEXIBLE OPTIONS.

Exceptional versatility suits a range of network printing needs. Here are some of the ways you can configure the DocuPrint N17 to maximize your productivity:

The DocuPrint N17 delivers fast, high-quality output at 17 ppm. You can specify a standalone version, or one with on-board, internal Ethernet for networked workgroups.

For economical, two-sided printing, you can include an internal duplex module.

Save trips to the printer for paper loading and changing stocks by adding up to two 500 sheet feeders.

Continue building with an offset catch tray that separates jobs for easier pick-up. A 75 envelope feeder makes short work of large mailings. You can also choose the Flash SIMM or the hard disk drive to store fonts and forms.

WORKSET FEATURES THAT SAVE WORK.

Here are just some of the convenience features that simplify printing and save steps:

SEND CONFIDENTIAL DOCUMENTS WITHOUT WORRY. *Secure Print* holds your document at a shared network printer until you enter a password at the printer console.

THE SHORTEST DISTANCE BETWEEN YOU AND YOUR WORK.

When you're away from the office, use the Internet and *MaiLinX* to help you get your work done.

The *Remote Printing* feature lets you access any printer on the network so that finished documents will

be ready and waiting when you return to the office.

GET E-MAIL FROM YOUR PRINTER. *MaiLinX* can also notify a designated person if there

are problems such as a paper jam or low toner. With *E-mail Alerts*, the printer can automatically send a mes-

sage to the system administrator who can then correct the problem before it impacts productivity.

ECONOMIZE ON TONER. The *Toner Saving* feature provides draft-

quality output with a 67% reduction in toner usage.

PROOF PRINTS EASILY. When printing multiple sets,

Proof Print saves steps. Send your job once, and the printer RIPs and

prints the first set. After you review your document, just release the rest

at the printer.

SELECT MEDIA BY SIZE AND TYPE, NOT TRAY. No more guessing which tray holds

the paper size or media you want. Specify your choice through the driver, and its *Automatic Tray Selection*

will find and pull the right media for you.

PROTECT TRANSPARENCIES WITH DIVIDER SHEETS.

Through the print driver, you can automatically insert *Separator Sheets* between

transparencies, or other documents.

PRINT THE WAY YOU WANT TO PRINT.

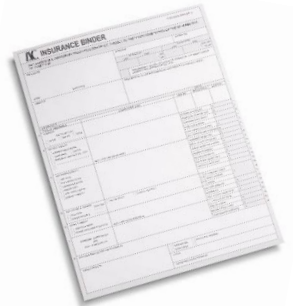

SAVE PAPER AND FILE SPACE WITH FAST TWO-SIDED PRINTING—13 impressions per minute.

EDGE-TO-EDGE PRINTING lets you fit more information on a page—

prints forms from legacy or full bleed images onto a single page without having

to spend time resizing the images.

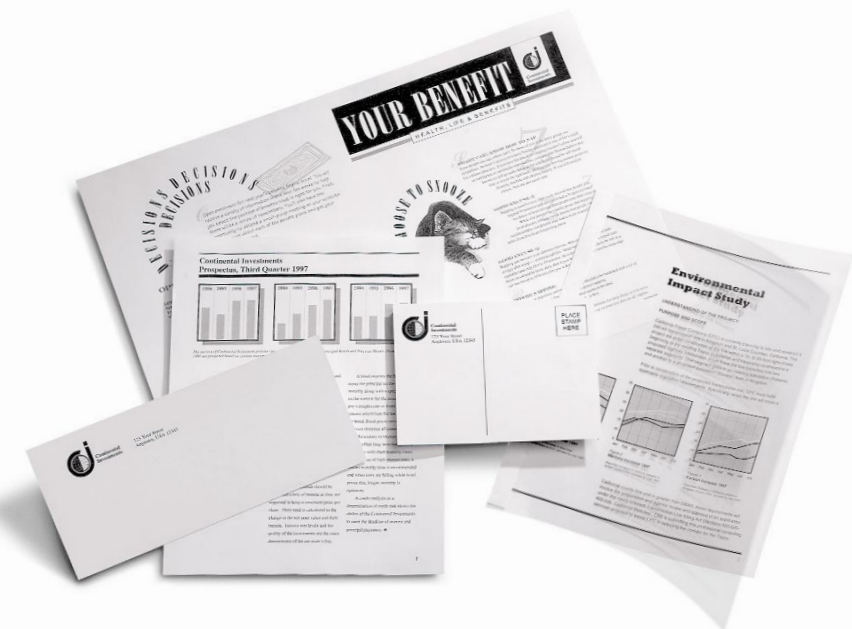

PRINT AS MANY COLLATED AND SORTED SETS AS YOU NEED—all high-quality originals. The optional offset catch tray makes it easy to find your document or document sets.

A FULL RANGE OF PAPER STOCKS, SIZES, AND WEIGHTS

ARE SUPPORTED—from postcard to legal/A4, and from 16 to 28 lbs./60 to 105 gsm—

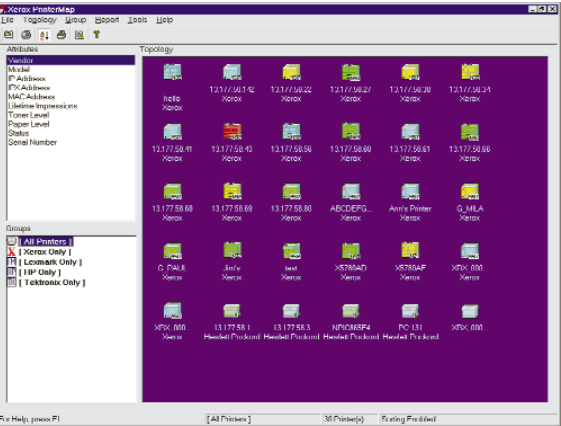

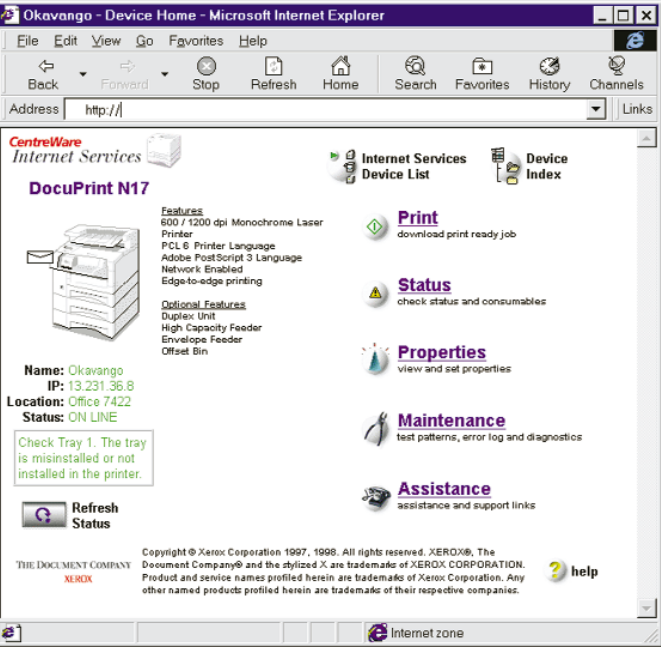

giving you true flexibility.

NETWORK PRINTER MANAGEMENT SOFTWARE. THE SOLUTION YOU NEED TODAY.

Point-and-click installation. We make it simple to install and configure your Xerox printers in no time with CentreWare DP for Novell NetWare and Windows NT and CentreWare SunOS™/Solaris™ System Administrators can easily change printer settings, or check printer and paper status.

Remote management made easy. Manage from anywhere on your network with CentreWare Internet Services. Our Web technology is embedded in WorkSet, and gives you immediate information about a printer using your favorite web browser. No extra hardware or software is required.

Proactive management in multi-vendor environments.

The ultimate in management productivity, PrinterMap software gives you a single view of all SNMP-based printers or groups of printers, regardless of vendor. Printer groupings, settings, and alerts are easily customizable. PrinterMap's report function makes it simple to plan and balance usage loads among your network printers.

ALTERNATIVE FOR SMALL WORKGROUPS

Flexible paper handling:

- A** 500 sheet offset catch tray*
- B** 250 sheet output; face-down
- C** 75 envelope feeder*
- D** 100 sheet bypass feeder
- E** 250 sheet tray
- F** 500 sheet feeder*
- G** Internal duplex module*

* Optional features

More power for busy networks:

- H** High-capacity hard disk drive (2.1 GB or greater)*
- I** Standard 16 MB RAM
- J** 8 MB Flash SIMM for downloading and storing fonts and macros*
- K** Adobe PostScript 3
- L** PCL 6

Fast, easy printing of complex documents:

PRINT SPEED

- Up to 17 pages per minute (ppm) simplex
- Up to 15 images per minute (ipm) duplex

PRINT RESOLUTION

- 1200 x 600 dpi (PostScript), 600 x 600 dpi
- XIE Resolution Enhancement
- Patented Xerox Quad Dot halftoning

PAPER INPUT—STANDARD

- 250 sheet tray—universal
 - Letter, legal, folio, executive, A4
 - Paper weights: 60 to 105 gsm (16 to 28 lbs.)
- 100 sheet bypass feeder
 - Letter, legal, folio, executive, A4, statement, B5-ISO, A5, A6 international postcard
 - Up to 10 envelopes: C5, DL, monarch, com-10
 - Paper weights: 60 to 105 gsm (16 to 28 lbs.), A6 international postcard (190 gsm)

PAPER INPUT—OPTIONAL

- Duplex module
 - Letter, legal, folio, A4
 - Paper weights: 64 to 90 gsm (17 to 24 lbs.)
- 500 sheet feeder—universal (one or two may be added)
 - Letter, legal, folio, A4
 - Paper weights: 60 to 105 gsm (16 to 28 lbs.)
- 75 envelope feeder
 - C5, DL, monarch, com-10

PAPER OUTPUT—STANDARD

- 250 sheet face down

PAPER OUTPUT—OPTIONAL

- Offset catch tray
 - 500 sheet face down with job and copy offset

DUTY CYCLE

- Up to 65,000 pages per month

CONTROLLER

- Intel i860HD 66 MHz superscalar processor
 - High capacity hard disk drive (min. 2.1GB - optional) for storing resources, fonts and macros
- Memory
 - 16 MB RAM, upgradable to 104 MB
 - 8 MB Flash (system firmware)
 - 8 MB Flash SIMM (optional) for downloading and storing fonts, forms and macros
- Xerox WorkSet Technology
- Embedded Internet server
- SNMP, industry-standard MIBs and Xerox extended MIBs

ELECTRICAL

- Available in two models
 - 110 VAC, 50/60 Hz
 - 220/240 VAC, 50/60 Hz
- Sleep mode, ENERGY STAR® compliant

PDLs, FONTS AND UTILITIES

- PCL 5e and PCL 6 emulations
 - 10 Microsoft TrueType fonts
 - 55 Intellifonts
 - 1 PCL compatible bitmap font
- Adobe PostScript 3 with 35 resident Adobe Type 1 fonts and 110 downloadable fonts
- Auto emulation switching between PCL and PostScript
- EuroFont Symbol resident

CONNECTIVITY

- Ethernet 10Base2 and 10BaseT (built-in on N17)
- Ethernet 10/100BaseT Interface Card (optional)
- Token Ring Network Interface Card (optional)
- Network Operating System
 - NetWare 3.12, 4.x, 5.0
 - Windows NT 3.51, 4.0
 - TCP/IP
 - DLC/LLC
 - Windows for Workgroups and Windows 95/98
- NetBIOS/NetBEUI
 - AppleTalk (EtherTalk, TokenTalk)
 - IBM LAN Server 5.0, 4.0
 - TCP/IP
- UNIX (SunOS™, Solaris™, HP-UX, IBM/AIX, SGI, DEC)
- IEEE 1284 bi-directional parallel
- Serial RS232-C

DRIVERS

- Windows 3.1, 95/98, NT 3.51, NT 4.0
- OS/2 and OS/2 Warp
- UNIX (Sun Solaris™, SunOS™, HP, UX, AIX, SGI, DEC)
- Macintosh (System 7, System 8)

OTHER CLIENT SERVICES

- SAP R/3 support, IPP support, Web-based printer administration, MailLinX

MANAGEMENT AND CERTIFICATIONS

- Xerox CentreWare
 - CentreWare DP (Novell NetWare, Windows NT)
 - CentreWare SunOS™/Solaris™ Services
 - CentreWare Internet Services (via built-in HTTP WebServer)
- Xerox PrinterMap
 - Windows 95 and NT
 - Compatible with CentreWare DP, MarkVision, JetAdmin
- Solaris™Ready certified
- PrintXchange® certified
- DAZEL DOME certified
- Microsoft certified (post launch)
- VIPP supported
- Year 2000 compliant

WORKSET CONVENIENCE FEATURES

- MailLinX with Remote Printing and E-Mail Alerts, Secure Print®, Proof Print®, Draft Mode/Toner Saving, Separator Sheets, Edge-to-Edge Printing, Auto Tray Select, N-Up, Non-Standard Paper Sizes, Print Anyway, Smart Jam Diagnostics

WORKSET PRINT PRODUCTIVITY FEATURES

- Send Once, RIP Once, and Print Many capability (RAM or hard disk)
- RIP-While-Printing to process multiple jobs concurrently

DIMENSIONS / WEIGHT

- 442 mm (W) x 418 mm (D) x 294 mm (H)
- 17.4 in. (W) x 16.5 in. (D) x 11.6 in. (H)
- 18.6 kg / 40.9 lbs.

ENVIRONMENTAL

- Temperature: 10° to 52°C / 50° to 89.6°F
- Relative humidity: 15% to 85%
- Noise level: 55 dB(A) standby / 49.5 dB(A) running (ISO 7779, DIN EN 27779)

CONSUMABLES

- Microfine toner cartridge with a 10,000 print yield (with letter/A4 paper, assuming 5% area coverage)
- Fuser/BTR cartridge with 200,000 letter/A4 page yield

REGULATORY / SAFETY CONFORMITY

- FCC Part 15 Subpart B
- UL listed to UL 1950
- UL certified to CSA - C22.2 No. 950 cUL
- FDA 21 CFR Sub J
- CE Mark applicable to directives 75/25/EEC and 89/556/EEC
- TUV - GS Mark, IEC 950 Second Edition (EN 60950, EN 60825)

WARRANTY

- One-year on-site
- Xerox Total Satisfaction Guarantee**

DOCUPRINT N17
NETWORK LASER PRINTER

THE AFFORDABLE,
HIGH-PERFORMANCE

WE'RE
CHANGING
WHAT
YOU THINK
A NETWORK
PRINTER
CAN DO.

We designed the Xerox DocuPrint N17 Network Laser Printer to surpass your expectations, without exceeding your budget.

It starts with WorkSet technology. It saves processing time for printing multiple originals. It makes networks less burdened. And WorkSet tools let everyone work smarter.

Workgroups get more, including true Adobe PostScript 3, resident Eurofont Symbol, MailLinX with Remote Printing and E-Mail Alerts, Secure Print, and Proof Print. And full Xerox support to enable printing in SAP R/3 environments.

The N17 is easy to install, easy to use, and easy to manage all across a busy network. Network Printer Management Software includes built-in, web-based management tools that give it more ways to manage every phase, every operation.

You can customize the DocuPrint N17 to suit your printing needs. From flexible paper feeder and tray designs to optional two-sided printing.

And, behind it all, is the high productivity and reliability you expect from the Xerox brand. No other name is more associated with quality reproduction. And we back our high-performance promise with an unmatched Total Satisfaction Guarantee.

We call the DocuPrint N17 printer the high-performance alternative. Check its affordable price tag—and try it. You'll wonder why you ever considered anything else.
