Productivity without compromise

DocuPrint N4525

Network Laser Printer

The DocuPrint N4525 network laser printer from Xerox (a fifth generation Fuji-Xerox engine) has been perfected to handle the toughest performance requirements of high-volume networks.

Exceptional performance

The speed of today's business requires high productivity from its people and the devices that support them. The DocuPrint N4525's fast speed, sharp output, and time-saving features can keep your workgroup ahead of the curve.

- Industry-leading print speed of 45 ppm and a fast first page out time of 4 seconds ensures maximum productivity for the entire workgroup.
- Powerful 233 MHz G3 Class RISC processor delivers even complex jobs with graphics, photos and charts fast.
- Multi-set printing capabilities, with features like *Send Once*, *RIP Once*, *Print Many*, and job pipelining, streamline your work-flow. And for very large jobs, standard *Automatic Tray Switching* and *Load While Run* features enable nonstop printing.
- Crisp 1200 dpi Image Quality and Xerox Quad Dot halftoning deliver razor-sharp text and photo-quality images.
- Advanced graphics features like *Edge-to-Edge Printing* and *Booklet Printing* let you produce professional-looking newsletters and brochures.

Reliability and feature-packed ease of use

Extensive media input and output flexibility combined with reliable performance makes this the printer your workgroup can count on to meet the most challenging print demands.

- Incredibly flexible, the N4525 can handle the printing needs of any diverse workgroup. With standard 10/100BaseTX Ethernet, USB, bi-directional parallel (optional Token Ring, Serial and 10Base2), it works in all environments including Windows NT, Novell, Mac OS, UNIX and OS/2. True Adobe® PostScript® 3™ and PCL5e, PCL6 emulations are standard.
- The hard disk can store fonts, forms and macros, enables Secure and Proof Print features, and guarantees uninterrupted printing and collation of large multi-set jobs.
- The N4525 offers a big advantage in ease-of-use and reliability. Even more, Xerox stands behind it with the unmatched Xerox Total Satisfaction Guarantee.

Technology that makes printing easy

The N4525 is packed with convenience and productivity features that help your workgroup get more done faster and easier than ever before.

- Booklet Printing, Secure Print, Fax-friendly Black, and Proof Print are just a few features that users can profit from to save valuable time and do great work.
- Xerox pioneered the Embedded Web Server, which offers you more ways to manage printers on your network using your favorite web browser.
- MailLinX e-mail alerts can be automatically sent to system administrators who can correct problems before they impact productivity. PrinterMap enables proactive management, usage tracking and automatic reporting of all SNMP-based printers regardless of vendor.

The most extensive finishing and paper handling capabilities

Feed media from 17 lb bond to 110 lb cardstock (64 to 200 gsm) in sizes from postcard to 11 x 17 in. The N4525's reliable design lets you run envelopes, labels or cardstock effortlessly.

Extensive input and output options ensure maximum printing flexibility. Paper input: two standard 500-sheet paper trays **1** with size sensing, standard 50-sheet bypass feeder, **2** and optional three tray 2,500-sheet feeder **3** (standard on CN configuration) for high-volume capacity, and optional 100 envelope feeder (not shown).

For exceptionally fast two-sided printing, the automatic duplex module **4** is standard on all configurations except N.

Add a 3,000-sheet finisher/stacker **5** with collation, stapling and hole-punching to deliver jobs ready for distribution.
