FEATURES AND BENEFITS

Exceptional color output

- The high-definition color print engine produces exceptional color output at up to 31 pages-per-minute
- To produce brilliant, spectacular images through long print/copy runs, enhanced color calibration maintains consistent output without hands-on adjustments
- Smooth halftone gradation makes photos look more natural – and edge enhancement gives color characters greater legibility

50-sheet reversing automatic document feeder / legal-size platen glass

- Enables copying, scanning or faxing of large jobs without having to separate them into multiple sets
- Platen glass enables the copying, scanning or faxing of documents that are not appropriate for the document feeder
- Supports mixed-original detection (letter/legal)

Flexible paper configuration

- Standard 250-sheet front-loading paper cassette
- Standard 100-sheet multipurpose bypass tray is the perfect solution for producing envelopes, letterhead, labels, postcards and specialty graphics
- Up to (2) additional 500-sheet paper cassettes can be added for increased handling and performance (1,350-sheet maximum capacity)

Intuitive operation

- 4.3" touch screen interface enables seamless job programming and machine operation

- *EasyChangeSM* consumables can be easily accessed and changed without any hassle or clean-up

Dynamic document delivery

- Quickly digitize documents for delivery to e-mail addresses, FTP sites, PC folders and USB flash drives
- Scan documents in PDF, TIFF, JPEG and XPS formats
- Effortlessly send fax documents at up to 3 seconds-per-page

Advanced security solutions

- HDD overwrite (choose from 8 modes) and encryption
- Secure print
- User authentication including device password protection, HID card authentication (optional), network authentication (Active Directory) and more.
- Enable/disable USB printing and scanning
- PDF scan encryption
- IPv6 support
- ISO 15408 Certified
- IP Filtering & SSL Support

Environmental performance

- The MFX-C3035 has received EnergyStar certification in recognition of responsible energy usage
- Green technologies, such as our specialized polymerized toner, allow for less waste, lower emissions and a more efficient use of resources
- Standard duplex printing reduces paper consumption
