

"Is there a printer that will make me feel
more connected?" Get together.

The Samsung SCX-4623FW's powerful networking capabilities keep you connected.

Not only does the ultra-versatile SCX-4623FW let you print, scan, copy, and fax, it connects you to your wireless network with its one-touch Wi-Fi setting button.

Setup is a cinch with our secure, one-touch wireless connection

The SCX-4623FW's Wi-Fi Protected Setup button lets you connect quickly and easily. Simply select the WPS button on the access point (router), press the WPS button on the printer and you're done. Normally, you would have to spend time creating a wireless network name and manually entering a security key or password on all the wireless devices. But the ultra-convenient WPS button automatically configures - and protects - your wireless network for you.

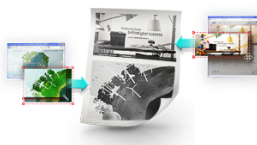

No strings attached

Turn your computer loose with wireless printing. There are no more cables tripping you up or plugging and unplugging machines to identify the right printer. And better yet, a wireless printer can be shared by many computers, saving you money on hardware and energy costs. Break free from the restraints of cables with the SCX-4623FW laser printer.

It multi-tasks so you don't have to.

Productivity is key to running any office or professional workgroup. And the versatile SCX-4623FW was designed to deliver exactly that. Now you can print, copy, scan, fax and PC-fax with unparalleled convenience, ease and speed. Why cram a corner of your office with several different machines when all you need is one central device – the 4-in-1 SCX-4623FW laser multifunction printer.

Capture what catches your eye

Samsung's AnyWeb Print software lets you go hunting and gathering on the Web. You can utilise the SCX-4623FW to easily select, drag and drop content from different web pages onto a printable scrap board in your browser window, all while you surf. It's the easy way to collect, arrange and edit those useful reference points and resources you can only find on the Internet for that big project – or just for fun.

It turns your PC into a fax machine

From lunch specials to important documents, the SCX-4623FW makes sending and receiving faxes a cinch. It can deliver and save received fax data in a folder on your PC as well as change document files to image files so you can send faxes from your desk – saving toner, paper and energy. Now that's efficiency.

The printer that works with your budget.

The SCX-4623FW lets you choose the right consumables option which you can afford. Toner cartridges are available in cost-effective standard-yield 1500-page versions, which save the home user money on the purchasing price.

Toner Save Mode

Toner Save Mode lets you print using less toner on each page without compromising quality and extends the life of the toner cartridge than normal mode by up to 30%.

Fast CPU

With a 360MHz. processor, the SCX-4623FW works fast to reduce wait time from network printing and improve office productivity with its quick processing and rapid fire printing.

Print it your way

Loaded with unique copy functions, the SCX-4623FW heightens both your creativity and productivity. You can divide your original into full-page portions to create a poster, save time and materials with 2-up and 4-up copying, produce many copies of an image on one page with clone copying, or print 2-sided business cards.

Smart looking, smart acting.

Instead of the usual unsightly paper tray, the SCX-4623FW boasts an attractive enclosed paper feed system which protects paper from dust, keeps its interior clean and reduces the noise level. It also features a glossy, protective top, easy-to-reach power button and 250-sheet capacity. Gorgeous print-outs from a gorgeous machine!

Compass Navigation

Always know where your job stands with the SCX-4623FW's navigation feedback LED pattern. It keeps you clued in with its 11 different job status indicators, including error and warning situations.
